# CAESAR CIPHER

## IN CLASS GROUP DECRYPTION ACTIVITY

Below please find four famous first lines from four famous works of fiction. Each of the four lines has been encrypted using a Caesar Cipher with an unknown shift. Using any process, you wish (other than using the Internet), identify the four works of fiction. When finished write a brief (i.e., two or three sentence) description of your decryption process. Kindly include any particularly striking successes and/or failures which you may have encountered as part of your decryption process.  
Good Luck!

### FOUR FAMOUS FIRST LINES

Solve the following four encryptions and identify the shift.
